

FHJC Summer Program

Join us this summer for fun, friendships, and exploration.

Happy Campers

The FHJC summer program offers indoor and outdoor activities, plus opportunities for fun, friendships, and exploration. Our program groups children by age and encourages their growing ability to make choices, work with others, and assume responsibilities.

Our nursery school's experienced teachers work collaboratively to develop a fun curriculum that takes advantage of all that the summer offers.

Each week our campers get messy with crafts, play in our rooftop playground's sprinklers, work with cooking, science, and other activities centered around a different theme. This summer our program also has special virtual visitors..

We help children discover science, explore nature, and engage in the creative arts, while learning about the world around them in a fun and safe environment.

We offer different programs for different ages. Please contact Susan Kass, Assistant to the Director, regarding our summer programs at [\(718\) 263-7000 ext. 206](tel:7182637000), or email nursery@fhjc.org.
